CEIT Faculty Lead Cybersecurity Workshop for Robins AFB

March 21, 2017

Lixin Li, Ph.D., associate professor of computer sciences, and Lei Chen, Ph.D., associate professor of IT, will lead a training workshop entitled “Software System Safety” for employees of Robins Air Force Base in Warner-Robins, GA. The workshop will be held April 10 through 13 and is designed to instruct military personnel in fundamental concepts of cybersecurity in software development. Emphasis will be placed upon integrating safety considerations in the software development process, hazard and risk analysis of systems, and reducing human errors in human-computer interface (HCI) design.

The Allen E. Paulson College of Engineering and Information Technology is pleased to be able to offer this timely and important course for our military cyber professionals.
